observer Murdoch of the weather of reau was as proud yesterday as though the manipulation of his delicate instruments had brought the whole thirg about the calculated that an inch and nt of illegibility were counted by the selection of the return sheets were dup and sent to the county clerk.

WEBER COUNTY COUNT.

Judge King Carried the County by a Plurality of Twelve.

(Special to The Herald.)

Ogden, April 9.—The official count made of the votes on the special election for ongressman today by the county commissioners sitting as a board of canvasers increased king's plurality to 12. This was a gain of four votes over the returns as tabulated in The Herald the morning after, which showed King's lead as 8. Two of these votes were gained in the city, two in the outside districts. Hamilin's total vote in Weber was 41. The total vote cast was 3,053. King carried the city by 62 and lost the county districts by 59.

The official count made a valuable storm to Utah—how valuable cannot, of course, be estimated with any degree of accuracy; but very conservative men place it at several hundred thousand dollars, while the benefit to the west will run into the millions.

Utah County Moistened.

(Special Correspondence.)
